**W**E have reproduced in four colors, on extra thick board, 14x24 inches, suitable for framing, this picture typifying the man who knows, and who is an authority on vital information. It will be sent to any Y. M. C. A. man upon receipt of 10 cents, which simply covers the cost of mailing. This lithograph cannot help but inspire those who see it.

## The World Makes Way for THE MAN WHO KNOWS

In response to a wide demand from educators, we have lithographed the splendid original of this halftone. The lithograph is 14x24, in four colors, on fine, thick board.

If you are at the head of a school—any kind of a school where bright boys are being trained for business life—

We regard this picture as an inspiration. In every big business house there is a place for the young man who will be sent for to answer questions, to state facts, to suggest methods, to give practical opinions. That place cannot long be filled without promotion.

This picture ought to hang in every Y. M. C. A. of the land.

This picture was first used as an advertisement of our **NEW INTERNATIONAL ENCYCLOPEDIA**, which is so replete in all sorts of practical knowledge that every young man, with odd-hour study of it, can make himself master of the situation.

*We shall gladly send this fine lithograph, postpaid, upon receipt of attached coupon, to every Y. M. C. A. man.*

Mail us the coupon, and we will send you, free, our Question Booklet, and valuable information regarding The New International Encyclopædia.

# Isaac Pitman's Shorthand

## SUPREMACY BY SUPERIORITY

At the International Shorthand Speed Contest, Baltimore, April 14, 1906, the Supremacy of the Isaac Pitman Shorthand was fully demonstrated by the winning of the Miner Championship Gold Medal by an Isaac Pitman writer. The accompanying diagram shows the *net* speeds per minute reached in the different systems.

### ISAAC PITMAN SHORTHAND

Re-adopted by the New York Board of Education;  
also taught in the following Associations:

Isaac Pitman's Short Course in Shorthand

Cloth. 192 Pages. \$1.25

"I have carefully examined 'A Short Course in Shorthand,' and want to tell you how excellent an exposition of the subject I consider it. There are a host of valuable points covered in this arrangement, which must prove a great aid to the teacher and pupil, and from every standpoint I consider it the best text-book I have ever seen. The classes at the West Side Branch have proved exceedingly fascinating, and I am looking forward to the next season with enthusiasm."—Rose A. Frank, Teacher of Isaac Pitman Shorthand, West Side Branch, Y. M. C. A., New York City.

BROADEN YOUR FIELD OF TECHNICAL KNOWLEDGE!

# TECHNICAL LITERATURE

• A MONTHLY REVIEW OF CURRENT TECHNICAL PUBLICATIONS •

**T**ECHNICAL LITERATURE gives its readers, in more or less condensed form, THE BEST literary material of general interest appearing in all current technical publications—not descriptive, mathematical and other articles of interest to a limited number only, but well-selected material, covering all lines of technical work and involving a careful perusal of the principal American and European periodicals. It presents not only what is vital, but also much valuable, though comparatively obscure, information not appearing in the regular technical press, but found in daily papers, books, trade pamphlets, proceedings of technical societies and lectures, etc.

"It is an **INDISPENSABLE** magazine for Engineers and one of the most valuable and instructive ever published for general readers who wish to keep in touch with the latest developments of modern industrial progress."

The **INDEX TO CURRENT TECHNICAL LITERATURE** indexes all articles and comments of importance in the current technical press, giving full details of articles. Always up-to-date to the end of month preceding issue.

**SUBSCRIPTION RATES:** Domestic, \$2.00 a year. Foreign, \$2.50 a year

---

**SPECIAL OFFER.**—Send 25 cents for a two months' trial subscription, and ask for our **PREMIUM BOOK OFFER** for continuing the subscription.

Technical Literature deserves the thanks and support of all who are engaged in scientific and technical work.—A. L. Himmelwright, New York.

There is no other journal devoted wholly to the field selected for Technical Literature. It far surpasses any other in the variety, length and general interest of its articles, reprinted and condensed from its contemporaries.—*Engineering News*.

This splendid publication is even better than the publishers promised. It should have a place in every engineering, scientific, technical and mining library. We predict for Technical Literature a brilliant career.—*Mining Reporter (Denver)*.

A Few Out of Many Enthusiastic Commendations of

# EVERY MAN A KING

## Or, MIGHT IN MIND MASTERY

By Orison Swett Marden

12mo, cloth, \$1.00 net. Postage 10 cents

---

### "The Highest Compliment Possible"

"I have read every word of it and am now on the second reading. It has done me good, as all Dr. Marden's fine books have, as it is uplifting, optimistic, sane and practical. You will be interested to know, I am sure, that I have every work Dr. Marden has ever given to the public, and I very much prize them and urge my boys to read them, as I have done. This is the highest compliment possible from me regarding the books' great value, as my boys and their highest development are, naturally, very close to my heart."—*From the Commandant of a Military Academy.*

### "Has Changed Me," Says a Millionaire

"Under the doctor's advice I have spent the past three days at home, and have put in the time every day reading 'Every Man a King.' It has done me a great deal of good, and has changed me so that I am anxious to give a good word to everybody in the future."—*From the President of a Great Shoe House.*

### "Strikes the Keynote of Life"

"For years I have been an admirer of Dr. O. S. Marden and have read about all that he has written. His latest book strikes the keynote of life. It ought to be put in the hands of every young man."—*From a Reader.*

### "From Despair to Delight"

"It is a superb work and is sure to transport many a man from despair to delight. I believe it will have upon my life a more profound effect than any book I have ever possessed."—*From a Reader.*

### "A Real Nugget of Gold"

"I am delighted with the book. I shall always treasure it as one of my most precious literary possessions, a real nugget of gold that has given me renewed inspiration and encouragement and a truer conception of the great possibilities of the mind over matter."—*From the Principal of a Commercial College.*

### "A Philosophy of Optimism"

"Strong, wise, sound, pleasant, helpful, well written—these are only a few of the complimentary adjectives which can honestly be applied to this book. The title may be a good one from many points of view, but it hardly denotes the whole scope of the book, which is really a delightful expression of modern practical philosophy. That it is a philosophy of optimism it is needless to say."—ALICE BROWN in *Ohio State Journal.*

### "His Attention Was Fixed"

"We know a boy of seventeen who found this book in his room on his arrival after a hard day's work. He resolved to go to bed early, but opened the book first. His attention was fixed from the first page, and presently he was surprised to find that he had lost several hours' sleep."—*Richmond County Advance.*

## READY IN SEPTEMBER!

**T**HE chief characteristic of THE STANDARD BIBLE DICTIONARY is that it will be strictly a dictionary of the Bible and not a volume of speculations about the Bible. It will not, in any sense, be a composite book secured by adaptation from other publications, but will contain first-hand material especially written for it. It will be a work prepared by Bible experts of both continents in such a way as to keep in touch with the problems of to-day. It will be prepared from the standpoint of reverent criticism and evangelical faith, and will aim to present, in convenient form, the facts found in the Scriptures, including a treatment of history contemporary with Israel. Matters in which the interpretation of Scripture is involved and which are subjects of critical controversy, are treated with a serious and impartial scholarship. It will be found to be a storehouse of Scriptural information prepared as an evangelical, scholarly, and scientific, yet popular, work.

### OPINIONS OF THREE LEADING CRITICS:

**S. Parkes Cadman, D.D.,**  
Pastor Central Congrega-  
tional Church, Brooklyn,  
N. Y.: "Every preacher,  
teacher, editor, and Bible  
School worker should  
have such a volume at  
his right hand."

**John Bascom, D.D.,**  
LL.D., Williamstown,  
Mass.: "From an exam-  
ination of the purpose,  
method, and direction  
connected with the  
'Standard Bible Dic-  
tionary,' I shall expect a  
book of great and con-  
centrated value."

**James H. Ecob, D.D.,**  
Phila.: "It is good to  
know that you have put  
your hand to the task of  
making a Bible Dic-

Edited by the American Revision Committee

Changes in the same language, as well as changes from one language to another, require new translations.

English Bibles of the fifteenth century could not be understood by English people of the seventeenth. King James demanded a new translation into the speech of his day—and the people rejoiced.

The English language has kept on changing. It has required 40 editions of the dictionary to keep pace with these changes in 300 years.

The same words come to have utterly different meanings. Hundreds of words which properly interpreted Paul's or Isaiah's thought, three centuries ago, give an entirely wrong interpretation now. The American Standard Bible uses words which properly interpret the Sacred Thought to *us*.

# THE TRAVEL LESSONS

## ON THE OLD TESTAMENT and LIFE OF JESUS MAKE

### Bible Lands, Bible Characters and Events Real

By Rev. William Byron Forbush, Ph. D., Litt. D., Author of "THE BOY PROBLEM," Etc.

These two ORIGINAL, VIVID and INSPIRING Courses are arranged to accompany Davis', Murray's, all Sunday-school and personal Bible Study Lessons, or for use independently. The plan is to teach Bible History while students are in the very atmosphere and presence of the places where that history was enacted.

W. G. BALLANTINE, D. D., LL. D., Springfield Training School:

"Dr. Forbush's idea of using the stereograph in Bible classes is an inspiration of genius."

Mr. EDWIN F. SEE, Late General Secretary, Brooklyn Y. M. C. A.:

"I have used in class work stereoscopes and stereographs suggested for the use of Bible courses by Dr. Forbush through Underwood & Underwood. I believe this plan to be in line with the very best Bible study. It gives what is very much needed—reality to the persons and scenes of the Bible."

CHARLES F. POWLISON, Special Secretary, West Side Y. M. C. A., New York:

"We have been using the 'Travel Lessons' by Forbush in our Association the past year along with about a dozen other courses and count it by far the most successful. The class continued the longest and maintained its full quota of attendance and interest to the last."

Its announcement as, in every sense, the biggest book on the sea yet issued, the publishers believe will be justified.

## THE LADY OF THE BLUE MOTOR

By Sidney Paternoster, author of "The Motor Pirate," etc. With cover design and frontispiece in colors by Frohn. \$1.50.

A unique romance, with an audacious heroine and a manly and gallant fellow motorist. Love, mystery and adventure, in up-to-date surroundings and modern situations, fill its pages.

## THE CHRONICLES OF MARTIN HEWITT

By Arthur Morrison, author of "The Red Triangle," etc. With six pictures by W. Kirkpatrick. \$1.50.

It will be remembered that Martin Hewitt is the detective in "The Red Triangle," of whom the *New York Tribune* said, "He is a better detective than Sherlock Holmes."

## TENANTS OF THE TREES

By Clarence Hawkes, author of "Shaggycoat," etc. With eight full-page illustrations, of which three are reproduced in color, and cover design and many decorations by Louis Rhead. \$1.50.

Deals more particularly with birds and the smaller woodland animals, though it contains much charming and vital description of still life.

THE ONE PRACTICAL GUIDE TO THE ELECTION OF  
A VOCATION

# Starting in Life

What Each Calling Offers Ambitious Boys and Young Men

By NATHANIEL C. FOWLER, Jr.

With the co-operation of 100 Leading Business and Professional Men

THE book not only tells the advantages and disadvantages of the leading trades, businesses, and professions, but helps each boy to choose a life work in which he will succeed and tells him how to prepare himself to enter that calling. The chapter headings are:

The Physician, The Department Store, The Architect, The Manufacturer, The Agriculturist, The Salesman, The Litterateur, The Bookkeeper, The Lawyer, The Stenographer, The Stage, The Railroad, The Artist, The Banker, The Musician, The Merchant, The Army, The Navy, The Clergyman, The Street Railroad, The Teacher, The Storekeeper, The Journalist, The Advertising Man, Public Service, Civil Service Examinations, The Sailor, The Inventor, The Skilled Mechanic, Experts and Specialists, Business vs. Profession, Wholesale vs. Retail, Education of Boys.

At the close of each chapter two or more eminent men tell why or why not they would advise a boy to enter their occupation.

**"STARTING IN LIFE" has received the unqualified endorsement of Y. M. C. A. workers, and it has been recommended by the American Library Association.**

*Walter C. Douglas, General Secretary of the Philadelphia Y. M. C. A., says: "It meets a real need; it is a useful and interesting book to put in the hands of boys and young men just starting in life, and also in Y. M. C. A. libraries."*

*William B. Forbush, Secretary of the General Alliance of Workers with Boys, says: "Starting in Life" is a practical guide to the selection of a calling in life, prepared by an author thoroughly competent to handle his subject in an authoritative manner."*

*The Christian Herald, New York, says: "Entirely removed from the prejudice of personal opinion, Mr. Fowler tells the unbiased truth about the leading trades, professions, and the various forms of mercantile life, pointing out what each of the 33 treated has to offer. The unique feature of the book is that every chapter is concluded by a succinct endorsement of the statements and suggestions it contains, written by more than 100 men who have themselves reached the top of the ladder in the particular line discussed."*

**"STARTING IN LIFE" is a handsome cloth bound book of 440 pages.  
Price, \$1.50 net. Sent postpaid on receipt of \$1.66.**

**LITTLE, BROWN & CO., Publishers, Boston, Mass.**

# American Biography and History

## The "True" Books

**T**HE aim of this unique series of biographies and histories is to present in entertaining form, free from glamor, some of the greatest characters and epochs in our national history, and with as close fidelity to the truth as can be gleaned from the conflicting record of events. Our great men are here presented in their everyday characters, in touch with their human environment,—not as heroes. The motto of the series has been "The truth, the whole truth, and nothing but the truth," and the success that the volumes have met with has proved that the American people are prepared for and eager to have such histories. There is not a volume of the series that has not created more or less discussion,—often violent discussion; and a great many people have been shaken out of long-cherished but mistaken beliefs by the truths here put forth. The volumes published are:—

**The True George Washington**  
By Paul Leicester Ford

**The True Thomas Jefferson**  
By William Eleroy Curtis

**The True Benjamin Franklin**  
By Sydney George Fisher

**The True William Penn**  
By Sydney George Fisher

**The True History of the American  
Revolution**  
By Sydney George Fisher

**The True Abraham Lincoln**  
By William Eleroy Curtis

**The True Andrew Jackson**  
By Cyrus Townsend Brady

**The True Henry Clay**  
By Joseph M. Rogers

**The True Patrick Henry**  
By George Morgan

**The True History of the  
Civil War**  
By Guy Carleton Lee

# The Season's Exceptional Fiction

---

## The Mystery

By Stewart Edward White and Samuel Hopkins Adams. For entertainment, sheer and pure, no more completely satisfying story has appeared in years. It is mystery and adventure—a marvelously fascinating tale of a voyage of scientific discovery and of the awesome activities of a new element a million times more powerful than radium. Sixteen Illustrations. \$1.50

## The Princess Virginia

By C. N. & A. M. Williamson. The exceedingly popular authors of "Lady Betty" and "My Friend the Chaffeur," have again collaborated in a romance of inimitable briskness and charm. Fascinating Princess Virginia is the most captivating of recent heroines, a girl of splendid courage and loyal heart, fully worthy of her imperial lover. Six Illustrations in Colors. \$1.50

## The Master of Stair

By Marjorie Bowen. Even that powerful and fascinating novel, "The Viper of Milan," by the same author, must yield place to this tremendous romantic drama. Sir John Dalrymple, the father of Nancy Stair, is the hero of this splendid story of passionate love and passionate hatred. The plot is woven about the celebrated Massacre of Glencoe. Cloth, \$1.50

## His Courtship

By Helen R. Martin, author of "Tillie, a Mennonite Maid." The quaintest, most charming and appealing love-story in this season's fiction. Eunice, unworldly little pastoral maid, sweet, delicate, refined, is "discovered" on a Pennsylvania Dutch farm by young Professor Kinross, who sets to work to solve the mystery that surrounds her. Illustrations by Alice Barber Stephens. \$1.50

## The Whirlwind

## A Splendid Story of the West

# LANGFORD

## OF THE THREE BARS

“There are some stories which, for no definable reason, seem touched with the spirit of youth and vitality. Such a tale is ‘Langford of The Three Bars,’ a vigorous, well-shaped story of ‘cattle rustling’ and conflict on the wide, lawless plains of South Dakota. It is a stirring story, full of strength and color, quick with abundant, dramatic action, cheered by a happy ending. The writers know well the times and country in which they have placed their vital events and actors, and they know, too, how to ring the changes on love and adventure and the tonic out-door spirit in simple but most effective way.”—*Chicago Record-Herald*.

## Brown of Harvard

By RIDA JOHNSON YOUNG and  
JAMES P. COLEMAN

*With 8 Full-page Illustrations.*  
\$1.50.

This brisk and stirring story is a novel of college life based upon the successful play of the same name. It will be found true to both local color and the spirit of the University where the scene is laid. A lively and stirring plot, with ingenious and surprising incidents and a striking dénouement, seizes the reader's attention at the start and holds it to the end.

## The Shadow of a Great Rock

By WILLIAM R. LIGHTON

*Frontispiece in three colors.* \$1.50.

A straightway, spirited story of love and adventure in the days of the winning of the West—the days when the trail was the only road. In spite of the variety of incident and adventure, the novel is far from being of the "shilling-shocker" breed. The sensational element is everywhere subordinated to the serious and impassioned love story that is at the heart of the book.

## A Draught of the Blue

**Together with An  
Essence of the Dusk**

By F. W. BAIN

*Illustrated.* \$1.50.

"A love song as strong as the Tristan and Yseult lay; it is exquisitely poetic."—*N. Y. Sun.*

## The Country House

By JOHN GALSWORTHY, author of "The Man of Property," etc. \$1.50.

"If there is any competition going on for *the finest novel of the year*, best-drawn characters in modern fiction or the coming novelist, my votes unhesitatingly go to 'The Country House,' to *Mr. Barter*, to *Mrs. Pendyce* and to Mr. John Galsworthy."—*London Punch.*

## The Sinner

By ANTONIO FOGAZZARO, author of "The Saint,"  
"The Patriot," etc.

*Crown Svo.*  
\$1.50.

An impassioned love story, involving faithful pictures of the life of the Italian world of fashion and introducing the character that becomes the central figure of "The Saint."

How it comes that COSMOPOLITAN MAGAZINE places within your easy reach the great

# CENTURY DICTIONARY AND CYCLOPEDIA AND ATLAS

This is the day of big ambitions in the world of print. The leading magazines are racing with each other to please the public and secure new subscribers. This year THE COSMOPOLITAN resolved to make an unusual effort to add new readers to its list. We went about it in the right way. We coupled a COSMOPOLITAN subscription with something else *supremely useful*—nothing less than the matchless CENTURY set, universally acknowledged to constitute

## The ONE Supremely Useful General Reference Library

We secured **Exclusive Control** of the entire edition for 1907. It was the **Largest Ever Printed**, thus bringing

down the cost of individual sets while carefully maintaining the **Former High Standard of Mechanical Excellence**. The edition is revised to date, enlarged, improved, and is **Fully Guaranteed by the Century Company**. Then we cut out entirely the **Big Commissions Generally Paid to Book Agents**, thus bringing the price down to absolute bed-rock, and making it possible to secure:

**The \$80-Century for Only \$39** Including THE COSMOPOLITAN Two Full Years

**\$1 Secures the Complete Ten-Volume Set**

**Only \$2 Monthly for the Balance**

This radical reduction in price; the convenient terms and the broad guar-  
anty of the Century Company has made the strongest sort of appeal to  
thousands of thoughtful people—just the ones COSMOPOLITAN wanted  
to reach—and these responded so eagerly that they quickly  
absorbed a large part of the big edition—small enough  
originally for the whole country. If, therefore, you want  
to participate in this great distribution,

### You Must Apply at Once

The safest way is to send in your initial dollar and have  
the complete set shipped to you, but if you are not  
familiar with the Century, we will send you *by mail*

maps, etc. In either case you should not  
hesitate or delay.

THE COSMOPOLITAN MAGAZINE for two  
years and one of these superb Century  
sets, at the little price and on the  
easy terms arranged, affords an  
opportunity which has never  
before been offered and  
which will never again  
be presented.

Health being the greatest thing in life, it is astonishing that the one necessary reference work has not long ago been written, especially since the last generation has seen such revolutions in medicine, surgery and sanitation that no layman, and scarcely any one physician, can keep up with them.

As a supplement to the physician's work, as a resource when a physician cannot be had, as an *educator in the art of living*, the Home Library of Medicine has received the most enthusiastic reception ever accorded a special encyclopedia.

### 4,000 SETS WERE SOLD BEFORE PUBLICATION

Before this physicians have discouraged such works, and rightly. Now that a really standard household medical library is at hand to aid in the work of showing intelligent people how to live vigorously and happily, the best physicians are welcoming it with the highest praise. It is written so that any man, any woman and any household can understand and use it. Associated with Dr. Kenelm Winslow, a former Harvard professor, in this work, is a notable board of twenty-three eminent specialists—landmarks in the medical profession.

### Everybody Can Understand and Use It

Every important illness, small and great, is described as clearly and concisely as possible, and under each disease the reader is instructed what to do, whether to consult a physician, what to do until the physician comes, and what to do if a physician cannot be had. The remedies and treatment resulting from the very latest scientific knowledge are given; all data concerning prescriptions, etc., have been rigorously revised and safeguarded by the most famous specialists.

We are not book publishers and we do not have to make a profit out of this set other than the widened recognition of the REVIEW of REVIEWS as the magazine most closely up to the times, a magazine that consistently *helps* in living and thinking. The six handsome volumes would be cheap at ten dollars, and this will be their price when they are put on sale at the book stores.

### OUR SPECIAL INTRODUCTORY OFFER

This first edition we are going to ship to responsible persons who send 50 cents, engaging to pay \$1 a month for only seven months—and each purchaser will receive the REVIEW of REVIEWS for two full years—or \$7 pays for the books and the two years' subscription.

## THE PHONOGRAPHIC AMANUENSIS

By JEROME B. HOWARD

## THE TOUCH WRITER

By J. E. FULLER

---

These two texts embody the most recent pedagogic advances in their respective fields

**The Benn Pitman System of Phonography** is to-day more than ever The American System of Shorthand. It is the standard of instruction in most of the high-grade commercial schools. It meets all wants—those of the Commercial Amanuensis as well as those of the Professional Shorthand Reporter. *The Phonographic Amanuensis* is the latest and most perfect text-book for the education of the commercial amanuensis. It is *par excellence* the book for the business school. Cloth 12mo., 216 pp. \$1.00. An examination copy will be sent, postpaid, to any teacher of shorthand for forty-six cents.

**Touch Typewriting** is no longer a fad. It has come to stay, and no progressive school now can afford to teach typewriting by any other method. Mr. Fuller's well-known work, *The Touch Writer*, is now issued in a revised and improved form. Its new method of dividing the key-board into parts for the successive mastery of the student is especially meritorious. Boards, oblong quarto, 48 pp., fifty cents. An examination copy will be sent, postpaid, to any teacher of typewriting for twenty-six cents.

## THE NEW KNOWLEDGE

Fifth Edition

By ROBERT KENNEDY DUNCAN

### *An Open Letter*

EDITOR OF LIFE.

DEAR SIR:—The book that has swept me along this year as if “commerce with the skies” is “The New Knowledge,” by Professor Duncan. The marvels of recent science are there revealed to the non-scientific in a manner so clear that readers endorse the London *Athenæum’s* verdict: “This is the best book of its kind ever written.”

We seem to be approaching Tyndall’s prediction “that man is finally to find the potency of all things in matter,” but what if we do if it be matter with a soul? We shall grow more reverent than ever before.

New York, N. Y.

Yours,

# Three Great Novels

## THE LION AND THE MOUSE

The Great Novel by Arthur Hornblow (From Charles Klein's Play)

A timely and thrilling story of American life and conditions to-day. The home and family life of the world's richest citizen—the menace of the Money Peril—the heroic struggle of a daughter to save her father, a judge of the Supreme Court, from the clutches of the giant Trusts—the barter of the United States Senate—the money value of a human heart—all this is woven into a fascinating story that never lags a moment from cover to cover. *It is more than a novel. It is a Book to make Men and Women think.* Beautiful illustrations by Stuart Travis. Richly bound in red and gold. (Sixtieth thousand.) \$1.50.

## THE END OF THE GAME

A Novel of American Life by Arthur Hornblow

Author of the Novel, "The Lion and the Mouse" (From Charles Klein's Play)

A powerful and admirably written story of intense human interest, dealing with the complex game of life—its vicissitudes, its sorrows, its joys, its disappointments and its triumphs. The ambition and ability that enable Roy Marshall, a newspaper reporter, to become a commanding figure in America's industrial world, the great sacrifice of his wife, Eunice, its exquisite love romance, its thrilling conflict with the strikers, its vividly drawn pictures of gay life in the metropolis—these are salient features in a masterful novel which is likely to meet with even greater success than Arthur Hornblow's last book, "The Lion and the Mouse," *which is now nearing its both thousand.* 12mo., Cloth bound, Illustrated. \$1.50.

## THE STORY OF PAUL JONES

By Alfred Henry Lewis

Thousands and tens of thousands should welcome this charming historical romance. It is a great story of the fortunes of the intrepid sailor whose remains are now in America. A story that should find a place in every library, for it is the best book that Mr. Lewis has yet produced. It has a grip and a fascination that will last long after the reader has emerged from its delightful spell. 12mo., Cloth bound, Illustrated, \$1.50.

**WITH PREBLE AT TRIPOLI.** A story of "Old Ironsides" and the Tripolitan War. Illustrated. 349 pp. Cloth. \$1.50.

**WITH PORTER IN THE ESSEX.** A story of his famous cruise in Southern waters during the War of 1812. Illustrated. 344 pp. Cloth. \$1.50.

**THE CRUISE OF THE ENTERPRISE.** Being the story of the struggle and defeat of the French privateering expeditions against the United States in 1799. Illustrated. 359 pp. Cloth. \$1.50.

**WITH RODGERS ON THE "PRESIDENT."** The story of the cruise wherein the flagship fired the first hostile shot in the war with Great Britain for the rights of American seamen. Illustrated. 348 pp. Cloth. \$1.50.

The author keeps close to authentic history as he weaves his thrilling web of adventure. Boys will learn history, patriotism, and manliness from these stirring tales.

## HENRY CABOT LODGE

**STEPPING STONES OF AMERICAN HISTORY.** By Henry Cabot Lodge, Hon. John S. Long and twelve other writers, eminent as educators, historians and statesmen. New. Illustrated with fourteen full-page pictures in color by Frank O. Small. 391 pp. Cloth. \$2.25 net.

The aim of this volume is to present, in a clear and concise manner, the salient points of our early American history. A list of fourteen subjects was carefully selected, which seemed to represent the foundation stones in our history, from the discovery down to the forming of the national government.

## EGERTON R. YOUNG

## THE DIAMOND KEY

Author of "Young Heroes of Wire and Rail," etc.

By ALVAH MILTON KERR

Illustrated. Price \$1.50

"The Diamond Key" is a badge of honor given for conspicuous service, and the stories are of the heroism of the twelve who won it.

Mr. Kerr, now a well-known writer, was formerly a train dispatcher and knows whereof he writes. No more thrilling tales of honor and courage have ever been told, and if anyone's blood is not stirred by this book he is a hopeless case.

# GOOD BOOKS--JUST PUBLISHED!

## The Walschaert Locomotive Valve Gear

By W. W. WOOD. If you would thoroughly understand the Walschaert Valve Gear you should possess a copy of this book, as the author takes the plainest form of a steam engine—a stationary engine in the rough, that will only turn its crank in one direction—and from it builds up—with the reader's help—a modern locomotive equipped with the Walschaert Valve Gear, complete.

The points discussed are clearly illustrated; two large folding plates that show the position of the valves of both inside or outside admission type, as well as the links and other parts of the gear when the crank is at nine different points in its revolution, are especially valuable in making the movement clear. These employ sliding cardboard models, which are contained in a pocket in the cover. Nearly 200 pages. Fully illustrated. **Price, \$1.50.**

## Modern American Lathe Practice

By OSCAR E. PERRIGO, M. E. A complete book, strictly up-to-date in its descriptions and illustrations, which represent the very latest practice in lathe and boring mill operations as well as the construction of, and latest developments in, the manufacture of these important classes of machine tools. A large amount of space is devoted to the turret lathe, its modifications and importance as a manufacturing tool. Multiple spindle and automatic chucking lathes are fully considered, as are also special high power lathes for the use of high speed tool steel, and electrically driven lathes. In the treatment of the subject 315 illustrations and examples from the best practice have been made use of, as by illustration alone can many of the important details and methods be clearly presented. **Price, \$2.50.**

## Gas, Gasoline and Oil Engines

By GARDNER D. HISCOX, M. E. Just issued. Sixteenth revised and enlarged edition. Its 450 pages are brimful of information for everyone interested. Explosive motors for stationary, marine and vehicle power are fully treated, together with illustrations of their parts and tabulated sizes, also their care and running are included. Electric Ignition by Induction Coil and Jump Sparks are fully explained and illustrated, including valuable information on the testing for economy and power and the erection of power plants. Illustrated by 351 engravings. **Price, \$2.50.**

## Modern Machine Shop Construction, Equipment and Management

By OSCAR E. PERRIGO, M. E. A work of 400 pages, dealing with every problem connected with the building and conducting of a modern factory or shop. The subject matter embraces the designing of the buildings, the installing of machinery, etc., and the turning out of work. The book is divided into three parts: The first part deals with the construction and the providing of power, heating and ventilating and lighting; the second part takes up the equipment, both mechanical and administrative, and the third part pertains to management, introducing a simple and efficient time and cost system. **Price, \$5.00.**

## Modern Steam Engineering

By GARDNER D. HISCOX, M. E. This is a complete and practical work devoted to subjects in which you are especially interested. It gives only the latest and most reliable information, which, if studied carefully, will enable you to properly operate and maintain your plant. If you deal with the care and management of Boilers, Engines, Pumps, Superheated Steam, Refrigerating Machinery, Dynamos, Motors, Elevators, Air Compressors and other power plant equipment, you should have this book. Contains 487 pages. Fully illustrated. **Price, \$3.00.**

# INSURE WITH THE TRAVELERS INSURANCE CO.

OF HARTFORD, CONN.

---

## ACCIDENT INSURANCE

**D**O YOU KNOW that \$25 a year buys an ACCIDENT policy for \$5,000 with \$25 weekly indemnity (and DOUBLE those amounts for "accidents of travel,") covering all ACCIDENTS to you, also insuring your beneficiary against "accidents of travel" for \$5,000; and that this policy pays ANNUAL DIVIDENDS in increased insurance, which are also doubled for "accidents of travel, burning buildings, elevators," as specified in contract? Many other features.

\$5,000 to \$15,000 is a lot of insurance for \$25.

I have sold hundreds of these accident policies to Y. M. C. A. and business men—why not one to you?

You can't afford to go anywhere without an Accident policy these days.

Larger or smaller contracts at proportionate cost.

---

## LIFE INSURANCE

**I**SELL guaranteed NON-PARTICIPATING Life Insurance policies at a cost of about 25% less than you have been paying for indefinite dividend policies—it's the kind that most people are asking for since that memorable INVESTIGATION.

A man who takes one of our Guaranteed Life policies knows just what the net cost and every result is to be in advance.

## STATEMENT REGARDING THE WORK OF THE INTERNATIONAL COMMITTEE

### I. GENERAL ADMINISTRATION

1. *Committee Membership.*—Four new advisory members have been added to the Committee during the year, viz.: John Sherman Hoyt and W. H. Woodin of New York, T. S. Lippy of Seattle, and William E. Sweet of Denver. On September 4, 1906, Thomas E. Stillman, a member and generous friend of the Committee died in Lisieux, France, the result of an injury received in an automobile accident.

2. *The Executive Committee.*—The Chairman, two Vice-Chairmen, and the Treasurer, composing the Executive Committee, have had general charge of the Committee's work during the interim between Committee meetings. Richard C. Morse has continued as General Secretary and Clarence J. Hicks and John R. Mott as Associate General Secretaries for the home and foreign work respectively. Mr. Mott and Mr. Morse have spent several months of the past year in the far East, counseling with the Committee's secretaries in the Philippines, in China, Korea and Japan, and attending the World's Student Christian Federation Conference in Toyko. The Canadian Section, composed of the members of the Committee resident in Canada, has had a valuable relation to the work throughout the Dominion. In December an all day conference was held in Montreal with the secretaries specially concerned. This conference was followed by a dinner meeting at the Windsor Hotel.

3. *Committee and Subcommittee Organization.*—The large and varied work of the International Committee is only possible because of the effective work of the various subcommittees. These now number fifteen in the home work and five in the foreign work. The only important changes in the subcommittee organization during the past year have been the unification of the two divisions of the Religious Work into one Religious Work Department and the action authorizing a subcommittee for the County Work.

4. *New Building.*—In August 1906 the Committee received a gift from Mrs. William E. Dodge of a piece of ground on East 28th Street, New York City, running through to 27th Street, as a site for a new headquarters building. A little later in the year Mrs. Russell Sage indicated her purpose to provide for the erection on this site of a suitable building. This building is now in course of construction. Arrangements have been made to furnish the National Board of the Young Women's Christian Associations with office accommodations for the present. A separate entrance has been provided on 27th Street for the use of the Young Women's Christian Association and of the Student Volunteer Movement. It is expected that the building will be ready for occupancy May 1st, 1908, on which date the leases of the Committee's present quarters at 3 West 29th Street expire.

5. *September Conference.*—The annual conference of the International Committee and secretaries was held at Atlantic City, N. J., Aug. 31st to Sept. 3rd, 1906. Thirteen members of the Committee were

present and sixty-four secretaries, including seven foreign secretaries on furlough and three under appointment to China, Japan and the Philippines. Each secretary submitted a report of his work for the past year, showing growth and encouraging progress in every department of the work.

6. *Annual Dinner.*—The annual dinner was held as usual, in the Waldorf Astoria Hotel, New York, on November 8th, 1906, and was attended by a larger number of friends and contributors than in any former year, many of whom came from other cities. No similar gathering is of greater interest, nor contributes more helpfully to deepening interest in the Committee's work than this annual occasion.

7. *Panama.*—Since the report of a year ago four club houses have been erected on the Canal Zone by the Isthmian Canal Commission and have been turned over to the Young Men's Christian Association for management. These buildings each have a complete equipment, including a five hundred dollar library. Mr. A. Bruce Minear has continued as the Committee's representative in charge of this work on the Canal Zone. He has been joined by four additional secretaries, who have been distributed as follows: William H. Baxley, Culebra; J. F. McTyier, Empire; M. J. Stickel, Cristobal; Ralph R. Wolf, Gorgona. The appointment of still another secretary has been authorized. This work has the very hearty support of the government authorities and is meeting with great success in winning the cooperation of the class of employes for whom the buildings have been erected.

8. *Trustees and Invested Funds.*—The regular annual meeting of the trustees was held March 21st, 1907. At this meeting Cephas Brainerd, Esq., was elected as President in place of J. Noble Stearns, deceased. The other officers were re-elected. Marcellus Hartley Dodge was elected to fill the vacancy on the Board. The Treasurer reported that the total amount of funds on hand was \$865,123.27. Of this amount all but \$2,512.14 had been invested in interest-bearing securities. The interest on the various funds that has been received and turned over to the Treasurer of the International Committee, is shown in the Treasurer's statement in another portion of this Year Book.

9. *International Convention.*—Arrangements are under way for the next International Convention which is to be held in Washington, D. C., November 22-26, 1907. Many prominent speakers have been secured and the presence of a group of representative Association men from different parts of the world is assured.

10. *Summer Conferences and Institutes.*—In addition to the regular student conferences there has been a marked growth in the number of other summer Association gatherings held in various sections of the country, in all of which the International Committee has participated through its secretaries. These have included the gatherings at Silver Bay, at Lake Geneva and at Lake Coucouching in Canada. Plans are under way for similar gatherings in the Rocky Mountain section and in the southeast.

11. *The Woman's Auxiliary.*—This Auxiliary has continued its work of special cooperation. In addition to its usual aid to different departments a contribution has been received through the Auxiliary from its

first vice-president, Mrs. Russell Sage, for the purchase of ground and the erection of a much needed enlargement of the Brooklyn Naval Branch. The Norfolk Branch of the Auxiliary has begun active work in helping to provide the furnishings for the new Naval Branch building to be erected at that point. The following are the officers of the Auxiliary: Mrs. Edwin A. McAlpin, President; Mrs. Russell Sage, First Vice-President; Miss Helen Miller Gould, Second Vice-President; Mrs. Charles F. Darlington, Secretary-Treasurer.

## II. HOME WORK

1. *The General Office and Publication Department.*—Erskine Uhl, who for thirty-two years served the Committee with rare ability and exceptional faithfulness as its Office Secretary, died on June 4th. Mr. Uhl was a man of retiring disposition and his important relation during all these years to the North American Association movement was understood and appreciated only by the few who were closely associated with him and thereby had opportunity to observe the quiet but invaluable service which he constantly rendered to all departments of the Committee's work. In October, 1906, F. B. Shipp was transferred to the New York office to assume a relation to the general administration of this department and is now also in charge of the financial office.

(a) *Office Work.* The supervision of the details of the general office work continues with P. F. Jerome, and includes the purchase of supplies, the ordering of office printed matter, responsibility for the shipping, and the employment of clerks and stenographers.

(b) In addition to keeping the more important books of the Committee, C. E. Lyman continues to act as cashier and G. C. Cameron attends to the auditing of bills.

(3) *Publications.* The steady growth of the past few years in the Publication Department has been continued in the period just closed.

To adequately care for the enlarged work which has been developed in recent years by George L. Leonard and H. S. Ninde, two additional Publication secretaries, R. M. Kurtz and Robert J. Cole, have been secured.

The following are the new issues of the year:

Association Buildings.

Call for Character.

Christian Testimony.

Books for Boys.

Good News of Jesus Christ—Part III.

How to Deal With Temptation.

How to Make Jesus Christ Real.

Increased Efficiency of the Y. M. C. A.

Religious Work Report.  
Six Years of Progress.  
Social Spirit.  
Social Teachings of Jesus.  
Special and Short Term Bible Study Courses.  
Studies in the Life of St. Paul.  
Summer Camps for Boys.  
Work and Teachings of the Earlier Prophets.  
Year Book.

In addition to the above, imprinted editions of the following issues of other publishers were secured:

Life of Sir George Williams.  
Biography of H. Clay Trumbull.  
The Efficient Life, by Dr. Gulick.

The department has also brought out, through special arrangements with the publishers, an Association series of "The American Standard Bible."

Among the authors of new books issued during the year are: Professor George L. Robinson of McCormick Theological Seminary; Rev. Robert S. Smith of Montclair, New Jersey; Professor Charles Foster Kent of Yale; Professor A. G. Leacock of Phillips Exeter Academy; Professor L. K. Willman of the Hill School and Professor J. W. Jenks of Cornell.

The Committee's standard Bible study courses and devotional and character building publications continue to be used widely by the Young Women's Christian Associations, church societies and evangelistic agencies and are securing increased sales in foreign lands.

The desirability of a short convenient designation for the Publication Department has been considered from time to time and by recent action of the Committee the business of the department is now conducted under the name "Young Men's Christian Association Press."

(d) *Historical Library.* In accordance with the desire of the donor of this library, J. T. Bowne, arrangements have been made for its accommodation in the International Committee's new fire proof office building, upon completion. Frank E. Burgess has been engaged to assist Mr. Bowne in preparing the library for removal from Springfield to New York, where he will continue in charge of the collection, under the direction of Mr. Bowne. A duplicate of a large part of the library has been collected and will remain at Springfield as a part of the equipment of the Springfield Training School.

2. *Finances.*—The total expense of the regular work entrusted to the Committee for the year ending December 31, 1906, was \$338,525.08, of which amount \$180,364.52 was for work on the home field and \$158,160.56 for work in foreign lands. Although this sum exceeds the expenditures of the preceding year by an amount of \$19,778.36, the Committee, through the liberality of its many friends, was enabled as heretofore to close the year with all bills paid. W. E. Lougee and Thomas K. Cree have continued to give their chief attention to securing contributions for the home budget, while the responsibility for the foreign budget has been largely carried by John R. Mott and E. T.

Colton. After twelve years of efficient service, W. E. Lougee severs his connection with the Committee, and on August 1st, will become Associate Secretary of the Congregational Home Missionary Society.

3. *Association Men.*—A steady increase has been made in the subscription list of the international Association medium for the exchange of ideas and extension of interest and knowledge, the paper now being circulated in thirty countries. Leading secretaries in all parts of the world, notably in Australia, South America, and Great Britain, have promoted the subscription lists with enthusiasm in order to advance their own work. The periodical is credited with being an important factor in promoting successful building campaigns in all parts of North America and throughout the world.

Forty thousand copies of the January review number were issued and sold, and a supplemental 25,000 edition of a special reprint of this number was brought out and is nearly exhausted. In producing the paper, the editor, F. W. Ober, has had the cooperation of a corps of department specialists and correspondents in different countries as well as constant help from the other secretaries of the International Committee.

*Groups of Associations.* (4) *Field Department.* Field Secretaries C. K. Ober, C. L. Gates, W. M. Parsons and Bruno Hobbs have continued their work of territorial supervision in the east, south, northwest and southwest respectively, aiding in the securing of secretaries and buildings for city associations, and in building up and cooperating with the various State and Provincial committees. C. S. Ward is giving his entire time to the organization and conduct of building campaigns in the larger cities in different parts of the field. The year has been without precedent in the number of successful campaigns through which new and larger buildings for city associations have been provided. A Provincial secretary has been secured for western Canada and a State secretary for Oklahoma. Arthur T. Tibbitts has been succeeded by Stephen Jones in the supervision of the Sioux Indian associations. Mr. Jones, who is a Sioux Indian, is a graduate of the Santee Normal Training School and of the Association Training School at Springfield, Mass.

(5) *The County Work.*—Robert Weidensall, Senior Secretary of County Work Department, whose absence on a tour of the Associations of the world was mentioned last year, returned to this country in February, 1907, and is again actively at work cooperating with J. R. Boardman in the leadership of this department. In the interest of greater efficiency it has been decided to place the supervision of the County work heretofore under the general oversight of the Field committee under the direction of a County subcommittee of the International Committee. The larger influence of the department has been further assured by the committee's decision to add another secretary to the staff at an early date.

Marked progress is noted along the following lines: (a) A stronger belief that legitimate County work consists in the discovery, enlistment, training and use of boys and men for leadership and service in the Kingdom of God. Spectacular, complex, expensive methods are giving place to quieter, simpler, more economical activities which, in a term of years, are more effective. (b) A growing conviction that the

strategic field in county work is with the boys. (c) Greater attention to rural work. Results of the past year justify the statement that no more important, needy or responsive field is open to Association occupation than the farming communities of North America. (d) A more genuine effort to control the athletic and recreative life of a county. No activity of the county work is more feasible and of greater moral value. Its need is tremendous, its accomplishment is not difficult. (e) Educational activity possessing actual value to more than 2,000 boys and young men. The extension of these advantages to foreign speaking young men has reached a practical solution in Essex county, Mass., where 135 were enrolled. (f) A 70 per cent increase in Bible study enrollment. Last year there were 2,500 in Bible classes.

The county work now enrolls 10,000 members in 225 local organizations in 34 counties in fourteen states.

(6) *The Railroad Department.*—The year has been one of steady growth in the work among railroad men, thirteen new Associations and over seven thousand members having been added. There has been a corresponding growth in the internal development of these Associations and in the corporate support secured.

Clarence J. Hicks, Associate General Secretary, has continued to act as Senior Secretary of this Department. The assigning of F. B. Shipp to his new work at the New York office made necessary the transfer of E. L. Hamilton to Mr. Shipp's former field in the southwest. W. H. Day, General Secretary at Oak Park, Illinois, was secured to take Mr. Hamilton's place in the central west and began work February 1st.

In connection with George D. McDill's work in Arizona and New Mexico, so many urgent calls for industrial work have been received that an arrangement has been made whereby Mr. McDill is devoting a portion of his time to the work of the Industrial Department in that section.

Secretaries Williams, Moore, Knebel and Dudley have continued to work in the fields previously reported. Mr. Willis has done more traveling work than heretofore, while continuing in charge of the office of the Railroad Department. At the urgent request of the Silver Bay Association and the Lake George Committee he has been released for the summer of 1907 to take charge of the interests at Silver Bay as Acting General Secretary.

Richard C. Morse, Jr., has devoted the year to promoting educational work on the Gould Lines, and W. E. Fenno has continued his increasingly valuable visitation of Railroad Associations for the promotion of Bible study and organized religious work.

The Railroad Department has supervised the erection of the new railroad building at St. Louis, which is the gift of Miss Helen Miller Gould. This building will be opened about August 1st, 1907, the work being conducted as a branch of the St. Louis Association.

The Association cause has received marked recognition by the United States Congress in that the new rate bill specifies "Traveling Secretaries of the Railroad Y. M. C. A.," as privileged to receive free transportation.

Railroad secretaries, which was held in 1906, a similar gathering was held at Hot Springs, Arkansas, in May, 1907, under the leadership of Secretary Hamilton and attended by nearly fifty students.

The Silver Bay Railroad Institute, under Mr. Moore's leadership will be continued in 1907, and Secretaries McDill and Day have cooperated with the Institute and Training School in arranging for a similar gathering at Lake Geneva in 1907.

(7) *The Industrial Department.*—Two definite lines of work are being regarded:

(a) Cooperation with the local Associations for a larger occupation of the field among industrial workers.

This cooperation involves recognition of the extent to which the Associations are already composed of men and boys who are industrial workers and it is intended to supplement the already large and increasing amount of extension work being done by the Association along religious, educational, physical, and social lines in industrial plants and communities, and to encourage the growth of that spirit of social service which projects the work of the Association, regardless of membership or other organic connection with the Association on the part of the men and boys among whom such work is undertaken.

(b) The second line of effort has regard to establishing Associations specially adapted and specially located to meet the needs of the men employed in an industrial plant or community. The success which has attended the effort on this line, thoroughly justifies the continuance and enlargement of the plans being used for the extension of this special work.

The number of foreigners coming to North America and the large percentage of them entering industrial fields has made it necessary to give attention to promoting work for both English-speaking and non-English-speaking immigrants.

The extent to which effective work is already being done among English-speaking immigrants, especially by the Canadian Associations and by the New York City Association at Ellis Island and by many other Associations, is indicative of the possibility for increased usefulness in meeting the needs of this important field by the different Association agencies working in cooperation.

In the fall of 1906, C. C. Michener who had given to this Department such splendid leadership, resigned, after eleven years service with the Committee in different departments, to become General Secretary of the Young People's Missionary Movement, and was succeeded January 1st by C. R. Towson.

J. R. Thompson has been transferred from the Field Department, and with headquarters in Denver is giving especial attention to this work in the west and northwest. G. D. McDill of the Railroad Department, devotes a part of his time to the supervision of the industrial field in the far southwest. In this field the Industrial Department has cooperated to make possible the employment of D. W. Pollard as Industrial Secretary of the new Inter-Territorial Committee in Arizona, New Mexico, and the adjoining industrial communities. Dr. Peter Roberts has been appointed Special Secretary of the Industrial Department for the promotion of work among immigrants.

(8) *The Student Department.*—The field visitation of the east has been carried on by Frank V. Slack who succeeded C. W. Gilkey on September 1st. The south has been visited by W. D. Weatherford and Ralph M. Harper, and the west by Charles D. Hurrey. For the first time a secretary has been set apart to visit the Canadian colleges and George Irving has rendered efficient service although prevented through illness from giving his whole time to the work. T. B. Penfield has visited theological seminaries. Charles L. Boynton, office secretary, was succeeded September 1st, by John A. Addison. The Bible Study Department has been in charge of Clayton S. Cooper who is aided in the field work by Neil McMillan, Jr., and in the office by Charles F. Karnopp. The executive administration of the Student Department has rested upon John R. Mott and H. P. Andersen who have also continued to serve on the Executive Committee of the Student Volunteer Movement.

An increasing emphasis has been placed on improving the quality of the work through Bible institutes, normal classes, summer conferences, and enlisting the cooperation of professors. Evangelistic meetings in all parts of the field, particularly the west and south, have been fruitful. The Bible classes have been a potent agency of evangelism, while the personal work promoted by the student secretaries has been the most powerful means of leading students to become Christians.

The missionary interest created by the Volunteer convention has been maintained and increased. The enrollment in mission study has been 17,491 while 254 volunteers have sailed for the foreign field, making a total of volunteers who have become foreign missionaries 3,207. These figures represent the work also of the Student Volunteer Movement and include both men and women.

The problem of securing more men of ability for the Christian ministry has had careful attention and much has been done toward its solution. The study of home missions and the calls for men for home missionary service have also been pressed increasingly.

The total number of secretaries giving their time to local or traveling positions in student work has increased to 150.

The Student Conferences at Northfield, Asheville, Ruston, La., Lakeside, Ohio, Lake Geneva, Wis., Pacific Grove, Cal., and Gearhart, Ore., have increasingly served to train and inspire the leaders of the whole movement. The third triennial Theological convention held at Dayton, marked a new point of advance in work among theological students.

The Intercollegian has for the first time become self supporting.

(9) *The Army and Navy Department.*—Among the significant advance steps in the Army and Navy Department last year were the opening of the Philadelphia Naval Branch, the erection of the new Army building at Fort Leavenworth, Kansas, the securing of a site and the drawing of plans for the three-hundred-thousand dollar plant of the Norfolk Naval Branch, made possible through the gift of J. D. Rockefeller, the gift of \$250,000 from Mrs. Russell Sage for the needed additional building of the Brooklyn Naval Branch and the occupation by the Association of the enlisted men's building erected by the Government at the Jamestown Exposition.

Under the authorization of the Ter-Centennial Commission, com-

posed of the Secretaries of the Treasury, War and Navy Departments, the Army and Navy Young Men's Christian Association has been asked to occupy and conduct the work in this building, the Government providing the money for the purchase of furnishings, and supplying enlisted men to aid in the care of the building.

The post exchange work has been extended to Fort Banks, Mass., Fort Logan, Col., Madison Barracks, N. Y., and Fort Snelling, Minn.

In the Philippine Islands, owing to changed conditions the department has withdrawn from Manila, and has centered its work at Fort William McKinley near the city, leaving Manila to the Foreign Department which has organized a strong civilian work, and secured funds for a new building.

A successful temporary naval work was conducted during the summer at Manila. The Association among the Legation Guards at Peking, China, has been continued and a better building equipment secured.

The Alaskan work has been continued by means of the naphtha launch which completed a trip of 6,000 miles. Associations were organized at Forts Egbert, Gibbon, St. Michael, Davis, and at Fort William H. Seward which is the headquarters of the movement in Alaska.

A very successful army and navy institute was conducted at Silver Bay during the summer of 1906, and the results have warranted its continuance during the coming summer.

The Soldiers' Bible and Prayer League seems to have taken a new grip on the members this year. Encouraging letters have been received, indicating changed lives, and in some cases Bible classes taught by soldiers are reported as a result of the League.

Temporary naval work was conducted last summer at Chefoo, China, and with more satisfactory results than in any previous year.

With the cooperation of state committees and local associations, work was done at the summer encampments of 1906, for regular soldiers and militia at Chickamauga Park, Ga., Fort Benjamin Harrison, Ind., Camp Mabry, Tex., and at American Lake, Washington.

The army and navy song book has again demonstrated its popularity through an official governmental order of 18,000 copies to be distributed among the men-of-war of the United States Navy.

As heretofore, William B. Millar, John S. Tichenor and Fred A. McCarl have given their entire time to this department.

(10) *The Colored Men's Department.*—W. A. Hunton has borne a general relation to the work of the department, but has devoted the major portion of his time to the more important Student associations. He also attended the meeting of the World's Student Christian Federation at Tokyo, Japan, as the representative of the colored students of America and of the world.

J. E. Moorland has given his entire time to the city work. The most striking feature in this field during the year was the canvass among the colored people in Washington, D. C., for \$25,000 with which to bind a subscription of a like amount from John D. Rockefeller for a colored department building. A total of \$31,000 was secured in twenty-six days, which is unparalleled by the colored people anywhere for any purpose.

G. E. Haynes has devoted his time to the Student associations, where his systematic visitation has been exceptionally helpful. The first Student Association building is now being erected at Hampton Institute, Hampton, Va.

*Internal Development Departments.*—(11) *The Religious Work Department.* The most significant event of the year in this department was the conference held at Bronxville, N. Y., in January, for the purpose of revising the standard statement of the religious work principles and methods in the light of recent experience. Besides members of the committee and its secretaries there were present upwards of sixty leaders in the local and state religious work. Every important phase of effort was considered with thorough frankness, and the results are embodied in the new issue of "Religious Work for Men," which is just off the press.

The force of secretaries in this department has been increased by the addition of Walter J. Southam, formerly Secretary at Hong Kong. His primary responsibility is with the Canadian Associations in cooperation with the Canadian Section of the International Committee.

F. B. Smith has continued in the main the plan of work followed for the past two years, conducting local and state religious work conferences, addressing evangelistic meetings for men, and attending state conventions. Following the policy announced last year, he has also given considerable time to raising funds and finding men for state and local religious work directors.

F. S. Goodman has divided his time between field visitation and the office; has visited 83 Associations in 16 states and territories, conducting Bible study institutes, participating in state conventions and in the summer schools at Lake Geneva and Lake George. He has prepared the Annual Report of Religious Work and edited various Bible courses and other publications of the department, and conducted the Bible study examinations, participated in by nearly 2,000 students.

R. A. Waite has devoted the major part of his time to a study of and participation in religious work for boys, with such success that he has been assigned to this phase of Association effort.

(12) *The Educational Department.*—The promotion of educational work has been continued on the same general lines as in the past, with George B. Hodge as secretary. George A. Gregg, who for three years ably assisted, both in the office and on the field, left in October 1906, to accept the educational directorship of the Association in Seoul, Korea. This opening has been made possible largely through the \$5,000 gift from the Emperor of Korea.

In December, 1906, Robert T. Hill, recently a fellow in sociology at Columbia University, began service as office secretary and general assistant in this department.

The desire for more and better local educational supervision grows encouragingly, about fifty men in forty Associations now giving their entire time to its promotion. This is double the number of five years ago.

The number of special schools with tuition fees ranging from \$10 to \$50 or more per student, keeps increasing. The new extensions for

this year are agricultural gardening clubs among boys, and some special training for camp leaders. The work among employed boys grows in interest and quality. Larger numbers of practical talks are reported, more technical clubs, an increase in students and a very large growth in tuition fees are seen. The latter amounts in total to more than a quarter of a million dollars annually.

The second regular period of International examinations was offered in June for the first time in our history, and with an encouraging participation. The April examinations included 126 Associations with 3,000 men participating, and with 1248 certificates granted.

(13) *The Physical Department.*—The secretaries in charge of this department are George J. Fisher, M. D., and F. B. Barnes.

Many plans of Association gymnasiums have been critically examined, changes made and a number entirely redrawn, bringing to Associations the experience of the most modernly constructed gymnasiums of the country.

In cooperation with the County Secretaries, village games, play picnics, summer camps and practical talks on health were promoted.

Possibly the newest type of work is the endeavor to adapt physical training to the needs of industrial workers. Conferences were held in New York and Philadelphia with physical directors and employers, which resulted helpfully in the adoption of fundamental principles and efficient methods of work. In Philadelphia a physical director has been employed to study such an industrial community and to devise methods of work to meet the existing needs the results of which will serve as a precedent for other communities.

Possibly the most significant fact in the methods of physical training is the emphasis now placed upon the education of young men with reference to habits of right living. To this end more emphasis is placed on physical diagnosis and less on measurements in the examination room. Courses of study are being prepared in personal and community hygiene. Pamphlets on physical training topics for distribution among various classes of society have been printed and furnished to the local Associations at cost. Cooperation is being developed with local Boards of Health and Physical Welfare societies by which public health is promoted and a larger number of individuals reached.

In athletic, administration splendid progress has been made. More athletes are registered and less violations of athletic rules are reported.

The Canadian Amateur Athletic Union has been reorganized resulting in placing the athletics of the Dominion on an amateur basis which means much for the sports of that country.

The matter of the discovery and training of men still continues to be with increasing success an important part of the work of the secretaries of this department. By giving instruction in the course of study in the summer institute at Lake Geneva, by directing the Physical Training Summer School at Lake George, by canvassing for students for the training schools, by presenting the physical directorship at colleges and universities, at Association student conferences and also to Leaders' Corps and to numerous individuals, considerable has been accomplished in this respect in securing more efficient material. An extensive plan for can-

vassing the students of medical colleges is being arranged for the fall and winter.

(14) *Boys' Department.*—In addition to caring for the work for boys which does not fall directly to any of the other departments, the Boys' Department in a general way gives supervision to the work for boys which is being done by the other departments. The executive administration of the boys' work has continued to rest upon E. M. Robinson, and during the latter part of the year, F. A. Crosby was secured as an additional secretary.

R. A. Waite of the Religious Work Department gives his time largely to religious work among boys and while working under the special direction of the Religious Work Committee, he also works in close co-operation with the Boys' Work Committee. In the county work the boys form nearly two-thirds of the constituency. In the average city Association, approximately one-third of the members are boys in their teens; over one-third of the Bible students in these associations are boys, and about one-half of those using the physical department also are boys.

(15) *Secretarial Bureau.*—There is no work more important than the discovery, securing and training of men for the general secretaryship and other positions for which efficient men are always in demand. By correspondence and personal interviews, John Glover, the Secretary of this department, learns of promising men, advises them about the necessary training and introduces them to the associations in need of their services. Others already in the employ of associations receive counsel or assistance with reference to change of location. During the past year, secretaries of the International Committee have been asked to recommend men for 459 vacancies, and have interviewed or corresponded with 659 men, only 312 of whom proved to be acceptable. Of 220 positions filled by aid of International secretaries, 105 were for general secretaries, 40 for physical directors, 64 for assistant secretaries or departmental directors, and 11 were for state and county work. Seven were in Canada, 20 in New England, 60 in New York, New Jersey and Pennsylvania, 86 in states west of these, and 47 in the south.

The following data about 448 general secretaries of city and town Associations now employed in Canada and the United States is gathered from the statistical record kept by the Bureau. Average length of service, 9¼ years; average salary, \$1,542 per year. Sixty-one are graduates of Association training schools. Their average length of service is 8¾ years, and average salary, \$1,425. Sixty-four are college graduates. Their average length of service is 6 years, and average salary, \$1,626.

### III. FOREIGN WORK

The year has witnessed gratifying progress in all parts of the work of the Foreign Department. Mr. Mott has had associated with him Mr. Andersen and Mr. Colton in the secretarial administration of the Department; the former with reference to the work on the foreign field and the latter with reference to the work at the home base. Mr. Holdren has served as office secretary.

During the year ten new men have been added to the staff of foreign secretaries; one in India, four in China, one in Korea, one in the Philippines, one in Brazil, one in Argentina and one in Mexico. There are now sixty-five foreign secretaries. (Not including those responsible for the administration of the Department.) They are at work in eleven countries, namely; Japan, Korea, China, Hong Kong, the Philippines, Ceylon, India, Mexico, Cuba, Brazil and Argentina. Special visitors are also employed from time to time to help in other mission lands.

The staff of native secretaries has increased greatly during the past year, especially in India and Japan. Taking the world as a whole, this is now practically as large as the staff of foreign secretaries. As a rule these workers are supported by the Association on the foreign field. The same remark holds true of the other expenses of the foreign associations.

It has been the record year in additions to the material equipment of the foreign associations. The model Association building for the Chinese Department in Shanghai has been dedicated and the conditions have been met which result in securing buildings for Seoul, Kyoto and Peking. Splendid buildings have been assured for leading Latin American cities such as Buenos Aires, Mexico City and Manila, toward which over half a million dollars has been given. A special fund for providing at least twelve student hostels for important student centers in Japan has been raised.

The associations in all parts of the world have continued to grow in membership and efficiency. The Bible Study Department and the Educational Department have experienced the greatest development.

The most notable event of the year has been the Conference of the World's Student Christian Federation held in Tokyo, April 3rd to 7th, 1907. While this was the Conference of the World's Student Christian Federation, its host was the Association Movement of Japan. The remarkable Oriental representation at this conference and the great influence which it has exerted throughout Asia are due in large measure to the special cooperation rendered by our Association leaders. The evangelistic campaign conducted in connection with that conference and during the weeks following it is regarded by many to have been the most powerful and fruitful of its kind ever waged in a non-Christian country.

The work carried on by our associations among the 16,000 Chinese students and 1,000 Korean students in Tokyo has also been one of the most hopeful features of the work of the year. The missionaries regard this work as having a vital bearing on the progress of Christianity in the Chinese Empire and have shown their interest in the most practical way by loaning strong missionaries to serve temporarily as secretaries in Tokyo under our direction.

The interest of the home Associations in the foreign outreach of our movement has continued to deepen. The cooperation of the foreign secretaries home on furlough during the past year, namely: Messrs. Helm, Gailey, Harvey, Farquhar and Barber, has been invaluable in promoting this result. The generous and efficient advocacy of the claims of the foreign work by a growing number of local and state secretaries has been one of the chief causes of the widening interest.

## INTERNATIONAL YOUNG MEN'S CHRISTIAN ASSOCIATION TRAINING SCHOOL

SPRINGFIELD, MASSACHUSETTS.

*(Founded in 1885).**1907, Calendar.*

Commencement, June 14, 1907.

Fall term begins, September 25, 1907.

New England Secretaries' Conference, February, 1907.

Annual meeting of the corporation on the third Friday in June.

*Officers of the School.*

L. L. Doggett, Ph. D., President; C. A. Hopkins, Vice-President; H. H. Bowman, Treasurer.

*Faculty.*

L. L. Doggett, Ph. D.; F. N. Seerley, M. D.; W. G. Ballantine, D. D., LL. D.; J. T. Bowne; H. M. Burr, B. A.; J. H. McCurdy, M. D.; W. W. Hastings, Ph. D.; J. F. Simons; Elmer Berry, B. S.

The past year has been a most gratifying one at the Springfield Training School. The number of students has been the largest ever enrolled—a total of 103 divided as follows: graduates, two; senior class, twenty-six; middlers, thirty-one; juniors, forty-four.

The international character of the Training School is seen from the distribution of the students. From the United States 81 as follows: New England, 32; Central Atlantic States, 21; Ohio and States further west, 25; Southern States, 3. From Canada, 12. From abroad as follows: England, 2; France, 1; India, 1; Ireland, 2; Japan 2; Australia, 1; New Zealand, 1. These international relationships are an important factor in the educational life of the School. Of the senior class, eight are candidates for Bachelors' degrees.

During the past year, by the gift of the late Jacob Gerrish of Springfield, the Training School has come into possession of twenty acres of land on the other side of Massasoit Lake, which will be known as Gerrish Grove. This is a fine addition to the property of the Training School, making a total of about fifty acres on both sides of the lake.

The property and funds of the School, including \$20,000 in unpaid pledges, now amounts to over \$300,000. The budget the current year is \$34,000. The School is much in need of additional equipment and the following buildings: A fire-proof library building, an administrative and recitation building, and an additional gymnasium.

The Training School offers two courses of study covering three years, one for the secretaryship and the other for the physical directorship. A catalog can be secured upon application.

*Alumni Association.*

THE INSTITUTE AND TRAINING SCHOOL  
OF  
YOUNG MEN'S CHRISTIAN ASSOCIATIONS.

Fall, winter and spring sessions at Chicago, Illinois—inaugurated in 1890.  
Summer sessions at Lake Geneva, Wisconsin—inaugurated in 1884.

*The Courses of Training.*

The courses of instruction and training cover two years and are entirely professional in character—no general instruction is offered. College graduates, whose undergraduate study has been rightly directed, may finish the secretarial course in one year of four terms.

During the summer term at Lake Geneva some forty courses are offered under a faculty of eighteen instructors. The courses are graded to meet the requirements both of those who have had little previous training and experience and of those who have had extended experience.

*The Faculty.*

The staff of instruction includes: (1) six employed officers giving their entire time to the School; (2) four officers of the Association in Chicago giving by arrangement stated hours to instruction; (3) nine specialists connected with the universities and professional schools of Chicago, who by special arrangement give instruction in The Institute and Training School. The faculty of the summer term does not include all of the Chicago instructors, but includes eight men who give instruction during the summer term only.

*Educational and Material Progress.*

In broadening and strengthening its work the school has increased its educational budget since 1900 from \$11,800 to \$20,500, with a corresponding increase of efficiency in the departments of instruction. The land holdings at Lake Geneva have been increased \$14,000 by purchase and important additions have been made to the building plant and to the equipment. The intention is to provide the same grade of professional training for the Association callings as is provided by the best schools of law, medicine and theology for their respective callings. Throughout the courses of training practice goes hand in hand with theory. Since 1900 the number of secretaries and physical directors enrolled each year has averaged 120.

*Officers.*

President, Frank H. Burt; Vice-President, Henry H. Marcusson; Recording Secretary, L. Wilbur Messer; Treasurer, Willis S. Herrick.

*Faculty.*

Frank H. Burt, President; J. Sidney Hotton, H. F. Kellenberg, M. D., Warren P. Beehan, E. H. T. Foster, M. D., Herbert O. Litten.

## GENERAL SECRETARIES' INSURANCE ALLIANCE.

The General Secretaries' Insurance Alliance was organized in the year 1880 and its object is stated in the first clause of the Agreement, which reads as follows:

"In obedience to the command, 'Bear ye one another's burdens,' and in consideration of the benefits promised by the Secretaries' Insurance Alliance to the subscribers thereto, the undersigned, whose whole time is employed by the Young Men's Christian Association in some department of its work on the Continent of North America, and whose name appears on the list of paid officers as recorded by the International Committee, agrees to pay to the Treasurer of the Secretaries' Insurance Alliance \$2.10 (in advance) to apply on the expenses incident to the last sickness and death of any subscriber to this agreement."

During the year 1906 there were seven deaths of members, as follows:

William E. Crane, physical director at Sharpsburg, Pa., was drowned in the Allegheny River at Pittsburg, Thursday, April 12. He had been in the work less than a year, joined the Alliance six months before, and had made one payment. The beneficiary, his mother, received \$2,090.

O. B. Van Horn, religious work secretary of the Kentucky State Committee, died of tuberculosis, at his father's home at Otsego, Mich., Friday, May 11. He had been a member of the Alliance ten years and had paid thirty-two assessments. His widow received \$2,024.

Edwin F. See, for twenty years general secretary at Brooklyn, died at Greenlawn, L. I., July 18. He was on leave of absence on account of sickness caused by overwork, and his friends hoped for his complete restoration but he was not able to rally. He became a member of the Alliance when he became a secretary. His widow received \$2,110.

M. H. Seller, general secretary at Temple, Texas, died there July 28. He was a very rugged man, but typhoid fever proved fatal, after an illness of two weeks. Mrs. Seller received \$2,098.

George S. Budd, state secretary of Ohio, died September 21, after a very brief illness. He left a wife and five children, the oldest only twelve years old. He had been a member twelve years and had paid thirty-nine assessments. His widow received \$2,112.

Reno Hutchinson, general secretary at Spokane, Wash., was shot and killed in that city October 15. His wife, who was left with a six-months-old baby, received \$2,108 from our fund.

John Coldwell, one of our oldest secretaries, died November 6, after a long illness, leaving a wife and two sons. We were able to send Mrs. Coldwell \$2,122.

The following named secretaries have been members continuously from the beginning:

J. T. Bowne,  
I. E. Brown  
D. A. Budge,

## THE ATHLETIC LEAGUE

OF THE

YOUNG MEN'S CHRISTIAN ASSOCIATIONS OF NORTH AMERICA.

In 1889, the physical directors and secretaries of the leading associations of North America recognized the need for an organized effort to guide and control the rapidly growing athletic activities of the associations; and, at the convention held that year, a movement was set in motion which resulted in the International Convention, held in Springfield, Mass., in 1895, authorizing the organization of the Athletic League.

The objects of the League, as defined by the constitution, are the maintenance of a high standard of Christian morality, honesty, courtesy and manliness in athletic sport; the furtherance of association physical department work; the institution, regulation and government of inter-association athletic meets of all kinds, and the securing and maintenance of a genuine amateur basis in association sport.

The Athletic League is the association organized and at work for "clean sport."

It formulates rules for competitive games; thus insuring a uniform basis for contests.

By mutual cooperation it seeks to guide the athletics of the association, keeping uppermost the idea that the opponent is a gentleman and should be treated as an honored guest or host; that the rules must be lived up to both in spirit and letter; that decisions of officials must be accepted without question; and that to win by superior skill is the only honorable road to victory.

It provides a scheme of registration and sanction which furnishes every athlete with a registration card and number which is a guarantee of his amateur standing, entitles him to the privilege of competing in open athletic games, gives the association's stamp of approval upon contests held under their auspices, and guarantees the public that the events will be conducted according to the accepted official rules.

The League is allied with other athletic organizations, namely, the Amateur Athletic Union and the Canadian Y. M. C. A. Athletic League. By the terms of alliance these bodies recognize the Athletic League registrations and sanctions, and the League has representation on the governing bodies of these organizations, and consequently a voice in the framing of their laws.

The membership and annual dues are \$5.00. Individual athletic registration costs 25 cents per year. Sanctions for athletic meets, basket ball and other games are issued upon application without cost to associations which are members of the League.

Every association in the League is entitled to one copy of the Hand Book, free, additional copies costing 10 cents each.

## THE PHYSICAL DIRECTORS' SOCIETY

## OF THE

## YOUNG MEN'S CHRISTIAN ASSOCIATIONS OF NORTH AMERICA.

The Physical Directors' Society of the Young Men's Christian Associations of North America was organized at Lakewood, N. Y., June, 1903.

The object of the organization is the promotion of physical training in general, and its relation to the Young Men's Christian Association in particular. Membership consists of two classes, active and associate.

The actives are Y. M. C. A. physical directors and assistant physical directors, who have been such for one year: associates are any Y. M. C. A. members who may be interested in physical training. The annual membership is one dollar.

The present officers of the society are George J. Fisher, M. D., New York City, President; Wm. E. Day, Dayton, Ohio, Secretary-Treasurer.

The above, with E. W. Wilder, Worcester, Mass.; H. R. Hadcock, Winnipeg, Man.; J. S. Ford, Nashville, Tenn.; J. H. Crocker, ex-officio, Toronto, Ont., constitute the Executive Committee.

Three annual conferences have been held: St. Louis, Mo., 1904; Niagara Falls, N. Y., 1905; Indianapolis, Ind., 1906.

The next conference will be held in Washington, D. C., November 20-21, 1907. These conferences are held annually and in conjunction with either the International convention or the Employed Officers' conference.

The society has proven a great factor in promoting mutual acquaintance among the physical directors, in unifying methods, in promoting original study. Among some of the notable contributions made by the society have been the preparation and adoption of an official gymnastic nomenclature, uniform methods of physical measurements, the publication of a valuable bibliography of physical training, as well as a manual of gymnastic marching.

Standing committees on Anthropometry, Graded Gymnastic, Religious Organization, Research, Extension Work, Sexual Hygiene, etc., etc., promote activity in the study of these subjects throughout the year and result in valuable original contributions.

## SILVER BAY ASSOCIATION

*For Christian Conferences and Training.*

William D. Murray.....	President
J. S. Cushman.....	Vice-President
W. H. Hollister, Jr.....	Treasurer
R. L. Wensley.....	Recording Secretary

The Silver Bay Association holds perpetually by charter from the New York Legislature the property on Lake George for the use of summer Christian conferences.

The trustees are connected with the Young Men's Christian Association and the Young People's Missionary Movement. This board, working through a business committee of the officers and Messrs. C. C. Michener, Harry Wade Hicks and C. J. Hicks with the general secretary, directs the affairs of the association throughout the year.

There are several conferences held at Silver Bay during the summer, all under the direction of their own boards: The Intercollegiate Young Women's Christian Associations, City Young Women's Christian Associations, Sunday-school teachers and leaders, and Young People's Missionary Movement. During the month of August the Young Men's Christian Associations are in charge under a committee composed of representatives of the International Committee and State Committees of the east; the Provincial Committee of Canada and the Springfield Training School. Each of the organizations mentioned elects its own representatives for membership.

*Officers.*

C. T. Kilborne.....	Chairman
J. B. Sleman, Jr.....	Vice-Chairman
F. H. Andrews.....	Vice-Chairman
William Thayer Brown.....	Treasurer
C. K. Ober.....	Recording Secretary

*Subcommittee Chairmen*—G. A. Warburton, Finance; L. E. Hawkins, Program; W. D. Murray, Institute; G. W. Hinckley, Boys' Conference.

The above officers and chairmen constitute the Executive Committee of the Lake George Committee.

The Committee conducts the following Institutes:

For secretaries and physical directors. These institutes are conducted for the entire month with graded courses of study for general secretaries and physical directors. The plans now provide for a two years' course in the secretarial and a three years' course in the physical department. The special institutes are:

Army and Navy, Educational Directors, Religious Work Directors and Railroad Secretaries. The Boys' Conference for leaders and older boys during the last week of August. This conference is held on Slim Point, the camp being conducted separately from the hotel proper.

The general program provides for the Sunday meetings, camp fires, talks on association methods, nature study. In connection with the general program this year a series of "week end conferences" has been arranged for boards of directors. These gatherings will meet from Friday evening to Monday noon. Other interesting features will be arranged daily.

Silver Bay is intended not only for those who are in attendance at the institute but for association men, their families and friends for such time during the summer as it may be possible for them to be there.

All communications should be addressed to E. M. Willis, Acting General Secretary, Silver Bay, Lake George, New York.

If you are familiar only with the music box in which you have to change each disc with your own hands, you will be interested in THE CORONA, manufactured by THE REGINA COMPANY, Rahway, N. J., which automatically changes the disc.

### **The REGINA CORONA**

stands 5½ feet high, has piano sounding-board, and, by the automatic device which changes the tune discs, it will play different tunes half an hour without any attention.

The steel hands of The Regina take the place of your hands, giving pleasure without trouble.

# THE APOLLO CONCERT GRAND PLAYER

Is the only player made that plays the entire keyboard of 88 notes

---

Anyone enjoying good music will readily see the great advantage of playing the entire keyboard of a piano, instead of a small portion, as all other players do.

THE APOLLO CONCERT GRAND is being installed in a number of Young Men's Christian Associations throughout the country.

## SUPPLIES THE DEMAND

The rising demand coming from all parts of the world for a Portable Folding Organ acclimatized and constructed so as to endure the different climates, stand the wear and tear of hard usage, the transportation on board cars, buggies, wagons, pack mules, dromedaries, coolies, and be convenient for missionaries, churches, Sunday-school work, cottage prayer meetings, Y. M. C. A. shop meetings, public schools and all out-door gatherings,

HAS BEEN ACHIEVED

Our famous **BILHORN TELESCOPE ORGAN** is in advance of anything in the line of folding organs—it is light, strong and durable, easily carried about by anyone, a child can operate it, beginners are delighted and all traveling singers pleased, as it is always ready for use.

Style 403

A New Model of Rare Musical Qualities and  
Exquisite Case Design

## IVERS & POND PIANOS

**I**N our quarter-century's experience in building high-class Pianos we have never produced an upright more perfect musically or more exquisitely and tastefully encased than our STYLE 403. In its construction have been embodied not only the choicest and most costly labor and materials that the world affords, but every device to enhance tone quality, action perfection and durability that intelligence and experience have proved worthy and desirable. Notable among these are the DUPLEX TREBLE, the BENT WOOD SOUNDING-BOARD BRIDGE and the AGRAFFE, besides the numerous patents and improvements that have made IVERS & POND PIANOS famous. It is alike the newest and the best of the world's HIGH-CLASS pianos. We have many other models differing in case design but containing the same interior construction as STYLE 403.

**HOW TO BUY.** A postal brings our new Catalogue with beautiful half-tone pictures of our latest styles especially designed for 1907. If no dealer near you sells IVERS & POND PIANOS, we can supply you from Boston. We will then send you a list of special prices, arrange to place a most artistic piano in your home and guarantee that it will please you or you need not keep it. You can buy on Easy Monthly Payments, even though you live in the most remote city or village in the United States. A postal may save you \$50 or \$100. WRITE US.

## MILLER KEYLESS LOCKS FOR ALL PURPOSES

No. 406, set No. 805  
For Wooden Lockers

It can't be too simple—that lock for the gymnasium locker. The clumsy member, as well as the bank clerk, must be able to operate it.

It must be worked as easily in the dark as in the light.

It must be easily changed in combination and not complicated.

It must be strong enough to stand wear and tear, dust, moisture and abuse.

It must be non-pickable.

It must be compact, easily adjusted, and low priced.

In short, it must keep out everyone except him who has the right to enter, and never fail him.

The J. B. Miller Keyless Lock Does  
Just These Things

Ask any of the following Physical Directors about them:

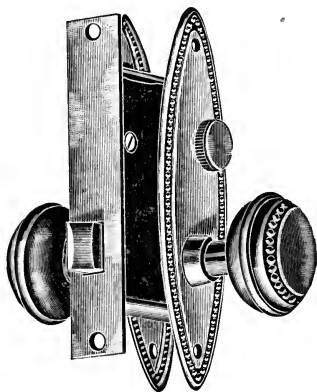

W. E. Day, Physical Director, Y. M. C. A., Dayton, Ohio.

A. E. Garland, M. D., Y. M. C. A., Boston, Mass.

W. G. Anderson, Director Yale University Gymnasium, New Haven, Conn.

W. H. Kinnicutt, M. D., Physical Director, Y. M. C. A., Cleveland, Ohio.

J. Howard Crocker, Physical Director, Central Y. M. C. A., Toronto, Can.

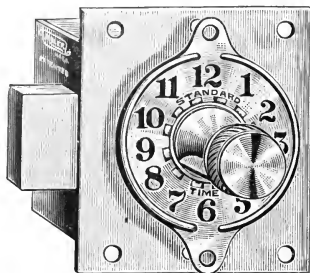

No. 51. Set 761 1/4  
Mortise Door Lock

If you want the best, most secure and durable lock in the world, for any purpose, be sure and get the J. B. MILLER KEYLESS. For 25 cents in stamps will mail sample of our No. 415 for metal lockers.

## **Social Teachings of Jesus.**

Jeremiah W. Jenks.

Cloth, 75 cents; paper, 50 cents.

A new twelve-weeks' course of Bible study, considering the Man Jesus' attitude toward the leading social questions of to-day. This series of studies deals with vital and unique problems in our modern life and will be found especially stimulative.

## **The Efficient Life.**

Luther H. Gulick.

Net, \$1.20.

A work of common sense particularly for those who live in cities. Dr. Gulick shows convincingly how to secure efficiency and to work with health and happiness.

## **Leaders of Israel.**

George L. Robinson.

Cloth, 75 cents; paper, 50 cents.

A new series of studies of Old Testament material designed to portray the character of Israel's leaders, and the history of the chosen people from the time of Abraham to Christ. Twenty-five lessons with many maps and charts of peculiar interest and value.

## **A Call for Character.**

Edward I. Bosworth.

Cloth, 25 cents; paper, 5 cents.

A stimulating appeal for the highest use of one's life.

## **Studies in the Life of St. Paul.**

Arthur G. Leacock.

Cloth, 75 cents; paper, 50 cents.

An elementary course of twenty-three lessons, with generous comments on the details connected with the Great Apostle's life and work.

## **Association Year Book.**

Octavo, boards, \$1.00.

The official annual report of work in the North American Young Men's Christian Associations.

## **Work and Teachings of the Earlier Prophets.**

Charles F. Kent and Robert S. Smith.

Cloth, 60 cents; paper, 40 cents.

Designed to give a personal acquaintance with these inspired prophets and to show the application of their vital messages to the present age.

## **Six Years of Association Progress.**

10 cents each; 75 cents per dozen; \$5.00 per hundred.

It shows graphically in picture and type the recent remarkable progress of the Association movement in this and other lands, together with strong testimonies, lists of large gifts, etc.

## **Men of the Old Testament.**
